The Baltimore Green Party considers the right to vote a basic human right, not a privilege. The purpose of this application is to allow those who support the goals of the Green Party including social justice, grassroots democracy, non-violence and ecological wisdom but have been excluded from voting (because, for example, they are not a U.S. citizen, they have a criminal record, they have a mental disability, or they will not be 18 by the next general election, but are at least 16) to vote in Baltimore Green Party elections to nominate Green candidates for general elections.
