

Organize - March - Educate - Run - Lobby - Lead

Baltimore City Green Party

The Green Party is a ballot-qualified political party. Since 2000 our candidates have won more than 49,000 votes in City Council elections.

We also work to change our political system so it listens to the people of Baltimore, not its business elites. Our key values are peace, social justice, grassroots democracy, and ecological wisdom.

The Green Party doesn't take any money from corporations or political action committees. Greens are not bought or bossed.

Our members ARE our leaders. We need you!
